## A BEAUTIFUL MESSAGE TO BE SHARED ...

A man, who regularly attended meetings with his friends, suddenly without any notice stopped participating. After a few weeks, one very cold night the leader of that group decided to visit him. He found the man at home, alone, sitting in front of a fireplace where a bright and cozy fire burned. The man welcomed the leader. There was a great silence. The two men only watched the dancing flames around the logs that crackled in the fireplace. After a few minutes the leader, without saying a word, examined the embers that formed and selected one of them, glowing most brightly of all, removing it to the side with a pair of tongs. Then he sat down again. The host was paying attention to everything, fascinated. Before long, the lone ember flame subsided, until there was only a momentary glow and the fire soon went out. In a short time what was previously bright light and heat had become nothing more than a black and dead piece of coal. Very few words had been spoken since the greeting. Before preparing to leave, the leader with the tongs picked up the useless coal and placed it again in the middle of the fire. Immediately, the ember was rekindled, fueled by the light and heat of the burning coals around him.

When the leader reached the door to leave, the host said: Thank you for your visit and for your beautiful lesson. I'll return to the group soon."

Why is the group extinguished?

Very simple, because each member that withdraws takes fire and heat from the rest. It's worth reminding group members that they are a part of the flame. It's also good to remind us that we are all responsible for keeping each other's flame burning and we must promote the union among us so that the fire is really strong, effective and lasting.

### **THE GROUP IS ALSO A FAMILY.**

It doesn't matter if sometimes we are bothered by so many messages that reach the chat. What matters is to be connected. We are here to meet, learn, exchange ideas or simply to know that we are not alone. Let's keep the flame alive.

### **THANK YOU FOR BEING A PART OF OUR FIRE.**

Life is beautiful with friends.

**Please STAY with us.**

## STAR-SPANGLED BANNER

Oh, say can you see  
by the dawn's early light,  
What so proudly we hailed  
at the twilight's last gleaming.

Whose broad stripes and bright stars  
thru the perilous fight,  
O'er the ramparts we watched  
were so gallantly streaming.

And the rockets' red glare,  
the bombs bursting in air,  
Gave proof through the night  
that our flag was still there.

Oh, say does that  
star-spangled banner yet wave,  
O'er the land of the free  
and the home of the brave.

## LUPANG HINIRANG

Bayang Magiliw, Perlas ng Silanganan  
Alab ng Puso sa dibdib mo'y buhay  
Lupang Hinirang, Duyan ka ng magiting,  
Sa manlulupig di ka pasisiil.

Sa dagat at bundok,  
Sa simoy at sa langit mong bughaw,  
May dilag ang tula  
At awit sa paglayang minamahal.

Ang kislap ng watawat mo'y  
Tagumpay na nagniningning;  
Ang bituin at araw niya  
Kailan pa ma'y di magdidilim.

Lupa ng araw, ng luwalhati't pagsinta,  
Buhay ay langit sa piling mo;  
Aming ligaya na pag may mang-aapi  
Ang mamatay nang dahil sa iyo.

## UAP HARMONY PRAYER

O Lord, we cry for peace,  
Purify our eyes to see peace,  
Purify our minds to understand peace.

Purify our hearts to love peace,  
Purify our memories to work for peace.  
The peace that comes from Your love  
and compassion.

O Lord, sustain our vision of peace  
following Your inspiration.  
You may have many ways of revealing  
Your presence and love for humanity.

But style is constant  
You are in dialogue with all,  
You care for all.

Make us, O Lord, a sign of your peace,  
Living in dialogue with You.  
To understand Your silence and  
Your presence,  
In dialogue with ourselves to rediscover  
the meaning of life.  
In dialogue with others to move together  
in harmony with all;  
And in dialogue with creation  
to care for earth.

Give us, O Lord, the courage  
to live in dialogue,  
In the midst of divisions and conflicts.  
And to build peace with all people  
of sincere hearts,  
Who believe in love and compassion.

**AMEN.**

I would like to convey my heartfelt felicitations to all the Officers and Members of UAP Southern California Chapter headed by Arch. Lucille E. Floresta-Fainsan, on the celebration of your 10th Year Chapter Founding Anniversary. You have reached another milestone in the life of our organization.

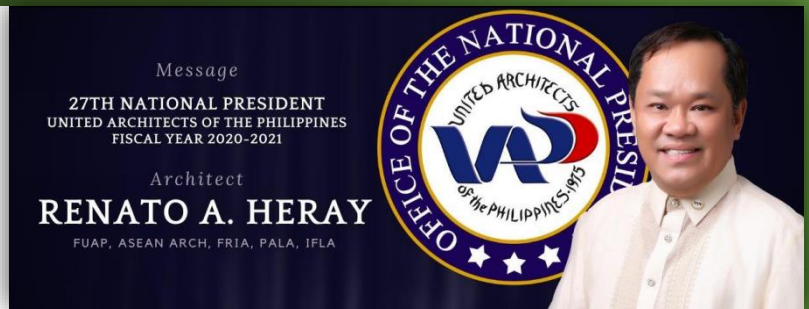

Also, it is with great pleasure that I wish you all a happy New Year full of joy and success as we get through together to a very unique experiences of last year and shift into the new chapter of our fiscal year.

It feels that when we are apart and adapting to the new normal for about a year now, the excitement and enthusiasm of our colleagues from UAP Southern California Chapter resonates even at a distance, and we can still feel in our hearts how collaboration and connection with each other in a UAP gathering is really important.

This is what we have always aimed for. To be an organization that marries enjoyment and passion. Where learning and camaraderie are integrated. And where it serves as an avenue to cultivate our talents, hone our skills, and be the best versions of Filipino architects that we are destined to be.

I encourage each and every one of you to continue learning and adapting to the needs of our present times, and step up as professionals ready to lend your expertise to anyone who are in need.

And as the pride of this prestigious organization, I join you to endure our commitment to the ideals of Noble Leadership, Good Governance, and Member First Policy that have come to define our organization spirit of unity, so that together we shall continue to achieve our aspirations to serve better our members and the architecture profession, and continue our pursuit of professional excellence.

My dear colleagues, this year 2021 is our celebration of the 100 Years of Architecture in the Philippines—truly an exciting milestone worth commemorating.

We have always been taking pride in our profession's roots, our forefathers who have planted the seed for us, our great Filipino architects whose magnificent works have all left us in awe and admiration, and our colleagues and contemporaries who are paving the way for Filipino architecture to gain global exposure.

But also, this year gives us a whole level of renewed strength, motivation, and inspiration to keep on moving forward as a united profession. To take our industry to greater heights, to elevate our skills, develop our core competencies, and continue proving to the world how great a Filipino can be in terms of builds and designs.

Once again, as you celebrate your Chapter's birthday, remember that there will always be dreams grander or humbler than your own, but there will never be a dream exactly like your own...for you are unique and more wondrous than you know.

I wish you a blissful celebration that rises to the top. Congratulations UAP Southern California Chapter! Stay strong together, build faith, always be grateful, and live longer.

Dear esteemed Members of UAP SoCal Chapter:

Greetings!

It is with great pleasure that I congratulate the UAP Southern California Chapter on its 10th Year Commemorative Anniversary this month of April 2021. Indeed, the precious labor that the founding leaders had embedded amidst challenges in the chartering process over a decade ago predestined to be more than simply a formation of a chapter. What emerged was a strong organization composed of talented, motivated, dynamic leaders who, in no doubt selflessly committed to moving forward objectively steered by the chapter's goals which thereafter set a legacy for the future generation of architects.

This momentous occasion evidently deserves the highest commendation for this duly accredited professional organization founded here in Los Angeles in 2011.

Truly, a recognition of such milestone would encompass a multitude of celebration which is certainly meaningful in every respect. Through the years, we have collectively endeavored and passionately built a vigorous UAP SoCal Chapter that nurtures and relentlessly inspires fellowship amongst members while keeping abreast thru continuing professional education.

Further, I wish to convey my heartfelt thanks to the members who diligently shared their time to accomplish a commemorative anniversary Yearbook project and to our donors, colleagues, community leaders, along with affiliates in the industry who generously supported the scholarship program benefiting the financially-challenged architectural students.

Lastly, I would like to express my most profound appreciation to the valued members of UAP SoCal Chapter who unconditionally support, who put trust and confidence in my leadership; to the past and newly installed Officers and Board of Directors who work side by side with our credo in promoting the advancement of the profession and overall in pursuit of our UAP SoCal's mission-  
 YOU ALL are the sturdy pillars of this organization, I salute you all!

Congratulations again to the success of UAP Southern California Chapter!  
 Long live UAP SoCal!

### **MESSAGE**

It is my honor and pleasure to extend warmest felicitations and heartfelt congratulations to the United Architects of the Philippines Southern California Chapter (UAP SoCal) on your 10<sup>th</sup> anniversary celebration on 26 April 2021.

Maintaining the legacy and pursuing the advocacies of your founders for the past decade is no small feat. Having sustained their vision is a testament to your dedication to service and to community solidarity among overseas Filipinos, particularly those practicing your profession.

Allow me to commend your educational initiatives among other numerous projects. UAP SoCal's scholarship program helps aspiring but economically-challenged Filipino architecture students realize their dreams. It is my hope that you remain true to your commitment to these worthy and admirable pursuits.

As we all grapple with the global pandemic and its impact on our lives, it is my hope that your association's leaders and members continue to be a source of inspiration and strength for sections of the community that need all the help and support that compassionate Filipino-Americans can give.

Additionally, may I reiterate our call to Filipino-Americans to register as an overseas voter and vote in the 2022 National and Local Elections and beyond. The registration period is until 30 September 2021 and no prior appointment is needed to register. More information about Overseas Voting may be found on the Consulate General's website, <https://www.philippineconsulatela.org/>

## OUR HISTORY | 2011-2021 | *by* Leilanie P. Panyawai

Warm greetings to everyone! Year 2021 is a significant year as we celebrate our Ten-Year Anniversary, a big achievement for all of us. It is a celebration for all who have been a part of the United Architects of the Philippines Southern California Chapter.

Ten years ago, in 2011, the birth of the United Architects of the Philippines Southern California Chapter came to life.

After the founding of UAP CAL116 (based in Northern California) in 2008, and under the leadership of the late Arch. Eduardo Quezon, a vision to reach Filipino architects based in Southern California became one of the first goals. They realized a separate and independent chapter in Southern California would best meet the needs of colleagues in the area.

The move would also be beneficial for those who resided in Southern California and were holding positions of responsibilities with the Northern California Chapter. It allowed them to be more effective in the service and pursuit of the UAP's mission and aspirations.

A small group of Filipino architects based all over Southern California started hosting gatherings throughout the Los Angeles area. These meetings captured the interest of more Filipino architects, and as a consequence, the UAP SoCal Chapter was formally established. Throughout that time, UAP CAL116 was very supportive and engaged, travelling to Southern California,

participating in a few of the general membership meetings.

On January 31, 2011, UAP CAL116 issued to us their board resolution number 01 series of 2010-2011, a resolution sponsoring the creation of an independent Southern California Chapter. With this and together with other pertinent documents, our application was submitted to the UAP National Board of Directors through the National Committee on Chapter Organization on February 01, 2011.

After a laborious process of preparing and completing all requirements, the formation of the United Architects of the Philippines Southern California Chapter was formally granted by the United Architects of the Philippines National Board of Directors on April 26, 2011 with Chapter Registration No. 130. Our chartering and first ever induction of officers and members was held on October 16, 2011 at the Almansor Court in Alhambra, California.

Arch. Emerito Maulion was the first Chapter President of UAP SoCal, as interim during its formation process for Fiscal Year 2010-2011, and upon chartering as the first inducted President during Fiscal Year 2011-2012. He was supported and assisted by the following chapter officers: Arch. Leilanie Pekson Panyawai, Vice-President for Programs and Development; Arch. Teofilo Cotangco, Vice-President for Operations;

***Frank Lloyd Wright influenced me the most, professionally. His design quest of breaking-out of the box and creating Organic Architecture appropriate to its place and time were always consistent with nature. # IN MEMORIAM ARCH. ROGER LAYMAN, UAP (1941-2018)

“Ka Roger” as he is fondly called by colleagues was of slim built who wore a big smile always. He loved playing with the drums, dancing and listening to music and partying.

A professional architect from the Philippines, he immigrated to the United States in the 1970’s. He got his California Architect license in 1980 and worked as an expatriate Filipino-American working overseas in Hong Kong and China before establishing his freelance practice in the 1990’s or thereabout.

His early working experience was with an engineering firm, St. Andrew Structural Engineers and later on with Parsons / Nadel Partnership.

It was in 2000 in Eagle Rock, CA when he and fellow UAP member architects had the vision of establishing a chapter of the United Architects of the Philippines in Southern California to promote the mission in advancing the objectives of the Filipino architects in the US.

His leadership quality came to fore when he was elected Chapter President of the chapter aptly named, “United Architects of the Philippines Los Angeles Chapter”. The new organization was chartered under the leadership of the National President Anna Mangalino-Ling 2001. Sadly, the Los Angeles Chapter was dissolved due to waning membership interest.

The defunct of the Los Angeles Chapter, found him wanting to join the newly-chartered United Architects of the Philippines Southern California Chapter in 2011. He was an active officer and corporate member of the Chapter until he left to start a new life in Iloilo, Philippines.

Architect Layman was a devout Christian and was credited for designing a couple of house of worship. He passed away in January 2018 and left behind two grown up daughters in Los Angeles, CA.

## THE SCHOLARSHIP PROGRAM

UAP Southern California (UAP SoCal) Chapter wanted to find a way to give back to the community and make a meaningful impact in the world of Architecture. With this thought in mind, and many projects considered, the idea of putting up a Scholarship Program was born!

The Chapter's Scholarship Program was initially proposed during the term of Chapter President/CP Joven G. Joaquin, Jr. in Fiscal Year 2019-2020. It was later adopted and further pursued by CP Lucille E. Floresta, the current Chapter President for Fiscal Year 2020-2021. Unanimously approved by the Chapter Board and General Membership, a Scholarship Program Fund Drive was launched in September 2020 in conjunction with the publication of a Yearbook to commemorate the Chapter's Tenth Anniversary on April 26, 2021.

In Fiscal Year 2019-2020, then Chapter Secretary Floresta reached out to Dean Jocelyn R. Lutap of the College of Architecture, Design and the Built Environment (CADBE) of the Polytechnic University of the Philippines (PUP) to explore the possibility of granting academic scholarships to academically-outstanding but financially-challenged architecture students. It is worth noting that this University was chosen because it is regarded as the largest state university in the Philippines by student population

and where majority of students come from low-income families. They came into an agreement that the screening for potential scholars will be handled by the Office of the College Dean while the final selection of recipients of the program will be determined by the Chapter. Also, the Chapter would raise the much-needed funds and will continue to do so annually, and the recipient would receive scholarship money for tuition fees or course-related expenses. The projected pilot implementation of the program will be this incoming school year 2021-2022.

The members of UAP SoCal believe that in giving generously, we share our blessings, and build the strength and talent in UAP. Our legacy then becomes a cycle of generosity to improve our community and build a stronger and better future for the United Architects of the Philippines.

The sky is a mix of orange, yellow, and blue, and the city buildings are silhouetted against the light. The palm trees are tall and slender, with their fronds clearly visible.
